The Bible is a great place to find directions to unlock your problems. Make this lock using the directions on the back. Then read the Bible verses and match them to pictures.

### **Piece 1**

#### **To Put the Lock Together:**

1. Punch out the three project pieces. Also punch out the white part of the lock handle.
2. Put the small circle in the center of the pictures so the Xs line up. Put a paper fastener through the Xs.
3. Put the lock handle behind the top of the lock. Match up the Xs. Put a paper fastener through the Xs.
4. Open the slit at the top of the lock. Put the end of the handle through the front of the slit.

#### **To Unlock the Bible Verses:**

1. Look up one of the Bible verses on the lock. Then look at the pictures to see which problem that verse might help. Turn the dial so the verse is under that picture.
2. Check your answer by pulling up the handle.
3. Close the handle again. Look up the other Bible verses and match them to pictures.

### **Piece 2**
